Run of Day - Roll Call, Inspection, Running, Times/Ribbons

Check In is the time when participants are expected to check-in. Check-in is followed by inspection for fitness, lameness or "in season" females. We will run rolling roll call and these tests will run concurrently. You must check in each day **and** before each run.

Inspections: Dogs must be inspected for lameness, fitness, and for females in-season **before EACH run**. ***This includes checking for females in season – EVEN if your female has been spayed***. This is an AKC rule. Measurements, as needed, are also completed at this time.

Rolling roll call: Fast CAT rolling roll call with concurrent tests. This means you arrive any time you like between 7:45am – 4:30pm, get your dog inspected then get in line to run. All pre-entered dogs will be prioritized and will run ahead of day of show entries.

You are free to determine how much time your dog needs in between runs.

Workers/volunteers may run their dogs prior to the first competitor, or their dogs may be added in during the evening.

If you aren't checked in by 4:30pm each day, you will forfeit your runs and refunds will not be given.

Running your dog: It is recommended that a slip-lead be used and that the dog runs without a collar. Dogs may wear any collar except: a choke collar, a collar with prongs, a harness, or an electronic training collar. **PRONG collars are NOT ALLOWED ANYWHERE ONSITE per AKC rules.** The collar should be snug to minimize the chances of the collar getting hung up on something during the run. Note: Owners may be asked to remove or tape tags to the collar if the inspection committee is concerned they may get hung up during the run. Owners may use clips or rubber bands to hold the dog's hair. Wrapping of legs is allowed but must be removed prior to each inspection. **The owner assumes all responsibility for the safety of the dog regarding the dog's collar and paraphernalia on the dog.**

Post Run & Times: If you have more than one run, return to the inspection area for re-inspection for lameness, fitness, and in-season females. If you have completed your runs to for the day, head to the ribbon table for your time and ribbon(s). Stickers for ribbons will be provided. It may take up to 30 minutes post run time for your sticker to be ready for you.

Awards

Qualifying Runs: All dogs who receive a qualifying score will receive a flat light blue ribbon for each competition run. Note: Fun Runs are not competition runs therefore will not receive an official ribbon but will receive their time.

New Title Ribbons will be offered for all dogs earning their BCAT, DCAT, FCAT/FCAT#.

Fast CAT Summary Description

The Fast CAT Test is a timed 100-yard dash for dogs. It is meant to be a fun and healthy activity of interest to any dog owner. The following is a summary of how the event is structured.

How does Fast CAT Work?

1. Fast CAT is a timed straight race of 100 yards.
2. Dogs run singularly and there are no placements.
3. The dog's time to complete the 100-yard dash is converted into MPHs. The calculation to convert to MPH is as follows: 204.545 divided by the dog's time multiplied by the handicap = POINTS.
4. A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers.
    - 18" or greater = handicap is 1.0
    - 12" up to less than 18" = handicap is 1.5
    - Below 12" = handicap is 2.0
5. Points=MPH multiplied by the dog's handicap
6. Fast CAT titles suffix titles are earned at designated milestones:
    - BCAT = 150 points
    - DCAT = 500 points
    - FCAT = 1,000 points
    - FCAT# = every additional 500 points
7. Top 20 by Breed by Year: The AKC Fast CAT website will feature the Top 20 Fastest Dogs by Breed by Year national standings. The standings will be updated as event results are processed.
8. Eligibility to participate: Open to all dogs at least 12 months of age that are individually registered/listed with the AKC. This includes dogs recorded in the FSS program, dogs with PAL numbers, or dogs enrolled in the AKC Canine Partners program. Females in-season may not enter. A dog may enter only once per event (An event number defines the event.)
9. An inspection committee shall inspect each entry for lameness, fitness to compete, and females in- season. The inspection committee is responsible for measuring the height at the withers if necessary.
10. Safety: Safety is of utmost importance. The event committee is responsible for ensuring the safety of the course, the equipment, and the conduct of those involved in the event. It is recommended that the event committee run a test dog before the start of the event to ensure that the equipment functions correctly and that all personnel understand their jobs.
11. The Start: Dogs may start up to 10 feet behind the starting line. There will be a line on the ground indicating the 10-foot mark.
12. The Finish: The run out is 40 yards. An owner or someone familiar with the dog will stand at the finish to catch the dog once the course has been completed. This person will need to have an appropriate collar and leash.

13. Timing Devices: The time to complete the 100-yard dash is recorded to the nearest 1/100th of a second (i.e. 9.11) Electronic timing system will be used with manual timing as a backup. If the timers fail, stopwatches will be used, and two timers will be positioned at the finish line. An individual at the start line shall signal with an arm drop the moment the nose of the dog crosses the start line. The timers shall start their stopwatches at the bottom of the arm drop. The timers shall stop their watches when the nose of the dog crosses the finish line. The times from the two stopwatches shall be averaged to determine the recorded time.
14. Lure Equipment: The event will be run with a battery powered continuous loop system. The lure operator and the lure equipment shall be safely positioned in a manner that does not interfere with retrieving the dogs at the end of the course.
15. Lure: A white plastic bag will be used for the lure.
16. Course/Fencing: The course is fenced with 4' mesh fencing with gates in the entrance and catch pens. This is a natural grass track with a 40 yard run out and 10' start box.
17. The Hunt Master has control of the course. In summary, the Hunt Master is in charge of all dogs and handlers on the field, shall ensure handlers understand safe release and retrieval procedures, shall provide the lure is positioned correctly, shall ensure the lure operator, timers, and starting line signal person are ready, shall signal the lure operator to start the lure and shall give the verbal signal "tallyho" to release the dog.
18. No entry fees will be refunded if the event cannot be started or completed by reason of riots, civil disturbances, fire, extreme and/or dangerous weather conditions, an act of God, public emergency, act of a public enemy, strikes or any other cause beyond the control of the club.
